

For Immediate Release

SALES AGREEMENTS

Lexington, KY, USA, Tuesday 31st August 2021 – **Coking Coal Pty Ltd** subsidiary, Coking Coal LLC, today announces additional sales agreements have been secured, with a number of reservation agreements also in negotiation for deliveries in 2022 and 2023.

Ty Zehir, Chief Marketing Officer – Technical and Commercial, commented: *“With advanced testing of our coals almost complete, we are now in the documentation phase for contracts with our steel mill clients for delivery of Pardee metallurgical coals in 2022 and 2023. As well, we continue to deliver 10,000t trial shipments to other sites, with another train being loaded tomorrow.”*

Coking Coal is recommissioning the Pardee hard coking coal complex, with the rail line and loadout almost completely refurbished. Preparation for mining at the Company’s first mine at Pardee is set to commence in September.
